EVERYBODY'S
RESPONSIBILITY

RailVidya – Children’s Safety Awareness Programme

A Unit of the All India Rail Safety Council (AIRSC)

RailVidya – Children’s Safety Awareness Programme is a flagship social and educational initiative of the All India Rail Safety Council (AIRSC), dedicated to promoting safety awareness among children and young learners across India.

Recognizing that children are among the most vulnerable users of railway environments, RailVidya has been conceptualized as a national mission to educate, empower, and protect young lives through structured safety awareness, behavioral education, and community engagement.

The programme aims to instill life-saving knowledge, responsible behavior, and safety consciousness at an early age—ensuring that children grow into informed, disciplined, and safety-aware citizens.

The Importance of Children’s Railway Safety

Railway systems are complex, high-speed, and high-risk environments where even minor negligence can lead to serious consequences. Children, due to their natural curiosity, limited risk perception, and lack of awareness, are particularly vulnerable near railway tracks, stations, and crossings.

Why This Programme is Critical

- Prevention of Accidents and Fatalities
- A significant number of railway-related incidents involve unsafe behavior such as trespassing, crossing tracks, or playing near railway lines.
- Early Safety Education
- Instilling safety awareness at a young age creates lifelong responsible habits and risk-conscious behavior.
- Community-Level Impact
- Children act as safety ambassadors, spreading awareness within families and communities.
- Supporting National Safety Goals
- Contributes to Vision Zero – Zero Fatalities and Major Accidents in railway systems.
- Building a Safety Culture
- Encourages a culture of discipline, responsibility, and respect for public infrastructure.

Programme Objectives

- To educate children on safe behavior in and around railway environments
- To reduce incidents caused by unsafe practices such as trespassing and negligence
- To promote awareness of railway signals, warnings, and hazards
- To build a safety-first mindset among young citizens
- To support national efforts in creating a safe and responsible society

Key Focus Areas

- Railway Safety Awareness
- Dangers of crossing railway tracks
- Importance of using foot overbridges and designated crossings
- Awareness of moving trains and platform safety

Level Crossing Safety

Understanding railway gates and warning signals

Risks associated with unmanned crossings

Safe practices for pedestrians and school children

Station & Platform Safety

Safe boarding and deboarding practices

Avoiding overcrowding and unsafe movements

Awareness of gaps between train and platform

Behavioural Safety Education

Discipline and patience in public spaces

Respect for safety rules and infrastructure

Avoiding risky behaviors such as playing near tracks

Emergency Awareness

Basic understanding of emergency situations

How to respond and seek help

Awareness of railway helplines and safety personnel

Programme Delivery Approach

RailVidya adopts an interactive, engaging, and child-friendly approach to learning:

School-based awareness sessions

Interactive workshops and safety demonstrations

Audio-visual presentations and animations

Safety campaigns and community outreach programmes

Distribution of educational materials and safety guides

Participation of railway professionals and safety experts

Target Audience

School students (Primary, Secondary, and Higher Secondary)

Children living near railway tracks and crossings

Educational institutions and community groups

Parents and teachers as key influencers

Strategic Impact

RailVidya contributes to:

Reduction in preventable railway accidents involving children

Improved public awareness and community safety culture

Strengthening of national railway safety initiatives

Long-term behavioral transformation in society

Integration with National Vision

The programme aligns with:

Vision Zero – Eliminating fatalities and major accidents

Viksit Bharat 2047 – Building a safe and developed nation

Sustainable Development Goals (SDGs) – Promoting safe, inclusive communities

The RailVidya Children's Safety Awareness Programme reflects AIRSC's commitment to protecting young lives and building a safety-conscious future generation.

We believe that safety education for children is not optional—it is essential. By empowering children with knowledge and awareness today, we are securing a safer tomorrow.

RailVidya is more than an awareness initiative—it is a national movement towards safeguarding the future of our children. Through education, engagement, and empowerment, the programme aims to create a generation that values safety, respects infrastructure, and contributes to a safer, smarter, and more responsible India.

Educate Today, Protect Tomorrow

RailVidya is a flagship social and educational initiative of AIRSC, dedicated to promoting safety awareness among children and young learners across India. Our mission is to instill life-saving knowledge, responsible behavior and safety consciousness at an early age—ensuring a safer tomorrow.

YOUR SAFETY YOUR FUTURE

- Stay Alert
- Stay Safe
- Save Lives

**BE AWARE
BE SAFE
SAVE LIVES**

WHY CHILDREN'S RAILWAY SAFETY IS CRITICAL

PREVENT ACCIDENTS & SAVE LIVES

Many incidents occur due to unsafe behaviors like trespassing and negligence.

EARLY SAFETY EDUCATION

Creates lifelong responsible habits and risk-conscious behavior.

COMMUNITY IMPACT

Children become safety ambassadors and spread awareness in families and communities.

SUPPORTS NATIONAL SAFETY GOALS

Contributes to Vision Zero – Zero Fatalities and Major Accidents in railway systems.

BUILDS A SAFETY CULTURE

Encourages discipline, responsibility and respect for public infrastructure.

OUR OBJECTIVES

- Educate children on safe behavior in and around railway environments.
- Reduce incidents caused by unsafe practices such as trespassing and negligence.
- Promote awareness of railway signals, warnings and hazards.
- Build a safety-first mindset among young citizens.
- Support national efforts in creating a safe and responsible society.

KEY FOCUS AREAS

RAILWAY SAFETY AWARENESS

- Dangers of crossing railway tracks
- Use foot overbridges and designated crossings
- Awareness of moving trains and platform safety

LEVEL CROSSING SAFETY

- Understanding railway gates and warning signals
- Risks associated with unmanned crossings
- Safe practices for pedestrians and school children

STATION & PLATFORM SAFETY

- Safe boarding and deboarding practices
- Avoid overcrowding and unsafe movements
- Awareness of gaps between train and platform

BEHAVIOURAL SAFETY EDUCATION

- Discipline and patience in public spaces
- Respect for safety rules and infrastructure
- Avoid risky behaviors such as playing near tracks

EMERGENCY AWARENESS

- Basic understanding of emergency situations
- How to respond and seek help
- Awareness of railway helplines and safety personnel

OUR PROGRAMME DELIVERY APPROACH

School-based awareness sessions

Interactive workshops and safety demonstrations

Audio-visual presentations and animations

Safety campaigns and community outreach programmes

Distribution of educational materials and safety guides

Participation of railway professionals and safety experts

TARGET AUDIENCE

School students (Primary, Secondary, and Higher Secondary)

Children living near railway tracks and crossings

Educational institutions and community groups

Parents and teachers as key influencers

STRATEGIC IMPACT

Reduction in preventable railway accidents involving children

Improved public awareness and community safety culture

Strengthening of national railway safety initiatives

Long-term behavioral transformation in society

INTEGRATION WITH NATIONAL VISION

Vision Zero – Eliminating fatalities and major accidents

Viksit Bharat 2047 – Building a safe and developed nation

Sustainable Development Goals (SDGs) – Promoting safe, inclusive communities

A MESSAGE TO CHILDREN

You are the future of our nation. Stay alert, stay safe and be a safety hero every day!

RAILVIDYA IS MORE THAN AN AWARENESS INITIATIVE—IT IS A NATIONAL MOVEMENT TOWARDS SAFEGUARDING THE FUTURE OF OUR CHILDREN.

Through education, engagement and empowerment, we aim to create a generation that values safety, respects infrastructure and contributes to a safer, smarter and more responsible India.
